ROUND TABLE ON RESPONSIBLE SOY ASSOCIATION (RTRS)
MEMBERS’ WRITTEN RESOLUTIONS NO. 1/2022

The novel coronavirus pandemic outbreak continues to force organizations of the entire globe to conduct its operations in a context where the physical interaction with its members has been substantially redefined.

In light of this situation, on June 19, 2020, the Swiss Federal Council issued an Ordinance 3 on Measures to Combat the Coronavirus (the “Ordinance”), which enables RTRS to take the necessary measures aimed at ensuring that the RTRS Participating Members can exercise their rights while complying with the Swiss Federal Health Authorities’ requirements regarding hygiene and social distancing. According to the Ordinance, as a Swiss association RTRS is allowed to make the proper arrangements in order for the RTRS Participating Members to exercise their voting rights in writing (Article 27). The Ordinance has been repeatedly extended and remains in full force and effect (Article 29, Section 4).

Taking into consideration the guidelines set forth by the Ordinance, and in order to continue with RTRS’ steady development and the achievement of its goals overcoming the current challenging circumstances, during the Executive Board meeting held on May 30, 2022, the RTRS Executive Board decided to (i) submit to the consideration of the RTRS Participating Members the approval of the resolutions contained herein by means of a written resolution in accordance with the voting procedure set forth in Article 18 of RTRS Statutes; and (ii) carry out the elections of Executive Board members nominated to fill in vacant seats for the period 2022-2024 by means of an ad-hoc written based procedure, in accordance with the requirements set forth in Article 27(9) et seq. of RTRS Statutes.

Furthermore, during their meeting held on May 30, 2022, the RTRS Executive Board members approved all the necessary documents to implement the decisions mentioned in (i) and (ii) of the preceding paragraph. These documents included the relevant Voting Notice annexed hereto- published on the RTRS Website on June 1, 2022, which provided for the rules applicable to the written based voting procedures mentioned in (i) and (ii) above.

Having closed the voting period started upon the publication of the Voting Notice on June 1, 2022, and ended on July 1, 2022 (the “Voting Period”), below there is a summary of the results obtained:

A. Resolutions Submitted to the Consideration of RTRS Participating Members.

In accordance with the written based voting procedure adopted for the consideration of the following resolutions -in accordance with the requirements of Article 18 of RTRS Statutes-, it was first required that the simple majority (more than half) of all Participating Members at the time of the publication of the Voting Notice (without consideration of the constituencies) cast a vote through the relevant Voting Ballot Sheet either (i) by casting a vote in favor or against the resolution, or (ii) by abstaining from voting.

Although by mistake in the Voting Notice it was stated that RTRS had 188 Participating Members, after correct deduction of Observing Members the actual number of RTRS Participating Member at the time of the publication of the Voting Notice was 172, consisting of:

Constituency Producers (“Producers”): 22 Participating Members
Constituency Industry, Trade and Finance ("ITT"): 138 Participating Members
Constituency Civil Society Organizations ("Civil Society"): 12 Participating Members

Therefore, in order for the resolutions to be passed a minimum participation of 87 Participating Members was required in each case.

1) Approval of the Financial Statements of RTRS for the fiscal year ended December 31, 2021.

According to the counting of the votes cast through the Voting Ballot Sheets delivered during the Voting Period, 108 Participating Members took part in the voting on this resolution out of which 91 Participating Members voted in favor of the resolution, 17 Participating Members abstained, and no Participating Member voted against.

As a consequence of the above, since the simple majority (more than half) of all 172 Participating Members at the time of the publication of the Voting Notice (without consideration of the constituencies) cast a vote and no Participating Member voted against, the resolution shall be deemed approved in accordance with Article 18(5) et seq. of RTRS Statutes.

The undersigned, in his capacity as President of the Executive Board of Round Table on Responsible Soy Association (RTRS), hereby certifies the following:

The financial statements of RTRS for the fiscal year ended December 31, 2021, are approved in accordance with Article 18(5) et seq. of RTRS Statutes (by consensus).

2) Approval of the Budget for 2022.

According to the counting of the votes cast through the Voting Ballot Sheets delivered during the Voting Period, 108 Participating Members took part in the voting on this resolution out of which 90 Participating Members voted in favor of the resolution, 18 Participating Members abstained, and no Participating Member voted against.

As a consequence of the above, since the simple majority (more than half) of all 172 Participating Members at the time of the publication of the Voting Notice (without consideration of the constituencies) cast a vote and no Participating Member voted against, the resolution shall be deemed approved in accordance with Article 18(5) et seq. of RTRS Statutes.

The undersigned, in his capacity as President of the Executive Board of Round Table on Responsible Soy Association (RTRS), hereby certifies the following:

The Budget for 2022 is approved in accordance with Article 18(5) et seq. of RTRS Statutes (by consensus).

3) Appointment of (i) ANCORA Treuhand AG as auditor of RTRS and (ii) KPMG Argentina as auditor of the representation of RTRS in Argentina.

According to the counting of the votes cast through the Voting Ballot Sheets delivered during the Voting Period, 108 Participating Members took part in the voting on this resolution out
of which 92 Participating Members voted in favor of the resolution, 16 Participating Members abstained, and no Participating Member voted against.

As a consequence of the above, since the simple majority (more than half) of all 172 Participating Members at the time of the publication of the Voting Notice (without consideration of the constituencies) cast a vote and no Participating Member voted against, the resolution shall be deemed approved in accordance with Article 18(5) et seq. of RTRS Statutes.

The undersigned, in his capacity as President of the Executive Board of Round Table on Responsible Soy Association (RTRS), hereby certifies the following:

The appointment of (i) ANCORA Treuhand AG as auditor of RTRS and (ii) KPMG Argentina as auditor of the representation of RTRS in Argentina are approved in accordance with Article 18(5) et seq. of RTRS Statutes (by consensus).

4) Approval of (i) the amount, scaling, and payment method of the membership fee in accordance with Article 39(4) of RTRS Statutes; (ii) the amendment to Article 39(6) of RTRS Statutes which sets forth the membership categories, segmentation/structure and fees amount; and (iii) the RTRS Amended and Restated Statutes reflecting the changes to membership fee amounts on Article 39(6).

According to the counting of the votes cast through the Voting Ballot Sheets delivered during the Voting Period, 108 Participating Members took part in the voting on this resolution out of which 79 Participating Members voted in favor of the resolution, 6 Participating Members voted against, and 23 Participating Members abstained.

Since the simple majority (more than half) of all 172 Participating Members at the time of the publication of the Voting Notice (without consideration of the constituencies) cast a vote, but 6 Participating Members cast a vote against the resolution, a re-counting of the votes at a constituency level had to be conducted by the RTRS Secretariat. In order to calculate whether the simple majority was achieved at a constituency level, abstentions were disregarded.

Such re-counting of the votes revealed the following results:

<table>
<thead>
<tr>
<th>Constituency</th>
<th>Majority Obtained</th>
<th>In favor</th>
<th>Against</th>
<th>Abstentions</th>

<td>0</td>
<td>20</td>
</tr>
<tr>
<td>Civil Society</td>

Therefore, since according to the re-counting of the votes a simple majority (more than half of the valid votes cast) in favor of the resolution was achieved within each of the constituencies having cast a vote, the resolution shall be deemed approved in accordance with Article 18(8) et seq. of RTRS Statutes.

The undersigned, in his capacity as President of the Executive Board of Round Table on Responsible Soy Association (RTRS), hereby certifies the following:

According to the counting of the votes cast through the Voting Ballot Sheets delivered during the Voting Period, 108 Participating Members took part in the voting on this resolution out of which 83 Participating Members voted in favor of the resolution, 25 Participating Members abstained, and no Participating Member voted against.

As a consequence of the above, since the simple majority (more than half) of all 172 Participating Members at the time of the publication of the Voting Notice (without consideration of the constituencies) cast a vote and no Participating Member voted against, the resolution shall be deemed approved in accordance with Article 18(5) et seq. of RTRS Statutes.

B. Elections of Executive Board members nominated to fill in vacant seats for the period 2022-2024.

a) Civil Society Organizations constituency

While there were 4 available seats in the Civil Society Organizations constituency, only 2 candidacies were received.

In addition to the above, as a result of an internal reorganization, The Nature Conservancy (TNC) would like to change the Designated Executive Board Member and Alternate Executive Board Members elected by Written Resolution dated June 13, 2021. In view of such internal reorganization, TNC requested the members of the Civil Society Organizations constituency to approve Thiago Masson as Designated Executive Board Member, and 1. Melissa Brito, and 2. Leandro Baumgarten, as Alternate Executive Board Members, with effect until the expiration of the term of TNC’s office which shall occur in the General Assembly 2023 or alternatively on the completion of the Member’s Resolution possibly replacing the General Assembly to be carried out in 2023, in compliance with Article 27(9) of RTRS Statutes.
In accordance with the ad-hoc written based voting procedure adopted for the elections of Executive Board members nominated to fill in vacant seats for the period 2022-2024 - following the requirements of Article 27(9) et seq. of RTRS Statutes -, it was first required that the simple majority (more than half) of the Participating Members of the Civil Society Organizations constituency at the time of the publication of the Voting Notice cast a vote through the relevant Voting Ballot Sheet either (i) by casting a vote in favor or against the election, or (ii) by abstaining from voting.

As explained in the Voting Notice, in order for a candidate to be elected, it must also obtain the approval by the simple majority of those Participating Members who cast a vote, for which purpose abstentions were to be disregarded.

2. Approval of the Budget for 2022.

2.1 Introduction

Budget for 2022 is fully aligned conceptually and economically with the Beyond 2020 RTRS Strategy. Key priorities for 2022 are:

(i) consolidating the overarching role of RTRS as a roundtable based on RTRS’ attributes: global multistakeholder and consensus decision-making. This priority also includes actions to foster a membership value proposition in order to achieve growth and engage with key stakeholders.
within the international sustainability market and national country initiatives, such as the “Collaborative Soy Initiative.” It also targets to develop new government and NGOs relationship strategies;

(ii) building organizational capabilities for a stronger and well-balanced global organization;

(iii) reshaping the Chain of Custody (CoC) Standard to enable a swift transition from credits to physical flows and a proper adaptation to the new European Union legislation;

(iv) boosting visibility with the aim of reinforcing the brand value of RTRS certification along with the new developed tools (such as soy & corn footprint calculator and Logos & Claim Policy);

(v) implementing a monitoring and evaluating ("M&E") system aligned with RTRS environmental footprint project with the purpose of obtaining the ISEAL Code Compliant Membership. This includes designing and implementing a strategic plan to increase certified soy volume in four South American countries which are Argentina, Brazil, Paraguay, and Uruguay ("SA4"); and

(vi) focusing on Asian (in particular, China, India, and Japan) soy activities while establishing the Association’s presence within the corn market.

Moving to the financial aspect, the budget preparation was made following the trends and facts defined in the “Beyond 2020” RTRS Strategy. Considering that the Association has been successful on building a cash reserve, thus the budget was developed with the aim of assigning every source of income to a specific investment linked to the actions and objectives of each pillar of the “Beyond 2020” RTRS Strategy.

RTRS annual budget for 2022 was approved by the Executive Board at the meeting held on November 3, 2021.

In light of all the above, the RTRS Executive Board decided to submit the RTRS annual budget for 2022 to the consideration of the RTRS Participating Members for their approval through a written resolution.

4. Approval of (i) the amount, scaling, and payment method of the membership fee in accordance with Article 39(4) of RTRS Statutes; (ii) the amendment to Article 39(6) of RTRS Statutes which sets forth the membership categories, segmentation/structure and fees amount; and (iii) the RTRS Amended and Restated Statutes reflecting the changes to membership fee amounts on Article 39(6).

4.1 Introduction

According to Article 39(3) of RTRS Statutes, on an annual basis the Executive Board reviews the amount, scaling and payment method of the membership fee and then submits its proposal to the approval of the General Assembly Meeting. Therefore, in accordance with Article 39(4) of RTRS Statutes, each Ordinary General Assembly Meeting shall include a resolution on the membership fee.

On June 28, 2021, RTRS launched the “Beyond 2020” RTRS Strategy for the 2021-2026 period according to which in order to carry out its correct implementation a new scheme of membership fee should be in place for (i) Industry, Trade and Finance (ITF) as of January 2022, and (ii) for Producers
(PRO) and Civil Society Organizations (CSO) constituencies as of January 2023.

In line with the above, at the Executive Board meeting held on September 1, 2021, the Executive Board approved a new RTRS membership fee amount reflecting an increase in the ITF constituency membership fee to €3,500 and no changes to the membership fee payable by the members of the PRO and CSO constituencies; and on November 21, 2021, the Participating Members approved such change by means of a written resolution, in accordance with the voting procedure set forth in Article 18 of RTRS Statutes.

On the other hand, at the Executive Board meeting held on May 30, 2022, the Executive Board approved a new scaling and membership fee amounts proposal for the PRO and CSO constituencies.

In light of all the above, the RTRS Executive Board decided to (i) maintain without changes the payment method of the membership fee; and (ii) submit the new scaling and membership fee amounts to the consideration of the RTRS Participating Members for their approval through a written resolution.

As a consequence of the changes to the membership fees payable by the RTRS Participating Members, upon its approval, an amendment to Article 39(6) of RTRS Statutes is required.

As a result of all the above, the RTRS Executive Board decided to submit to the consideration of the RTRS Participating Members this proposal for the amendment of Article 39(6) of RTRS Statutes in order to replace the current wording in its entirety, with the following one:

"(6) The current annual membership fee is:

5.1. Introduction

In order to be aligned and approved by the European Commission under the European Union Directive 2009/28/EC on the promotion of the use of energy from renewable sources (EU RED I as per its acronym), RTRS launched its first version of all the EU RED I set of documents relating to producers and processors willing to meet the requirements for supplying soy-based biomass, biofuels and/or bioliquids to European Union member states. Such set of documents were approved by the Executive Board in October 2016 and by the General Assembly in April 2017, and therefore, RTRS was recognized as a voluntary scheme by the European Commission.

On December 11, 2018, under the recast European Union Renewable Energy Directive 2018/2001 (EU RED II as per its acronym), the
European Union extended the sustainability criteria to cover biomass used for heating and cooling and power generation.

By the end of 2020 and during the first semester of 2021, RTRS collaborated with a specialized external consultant to adjust and align the RTRS EU RED I set of documents to EU RED II.

As a consequence of the recast of EU RED II, the European Commission required (i) member states to transpose into national law the rules by June 30, 2021; and (ii) voluntary schemes to adjust their certification approaches to meet the new requirements set forth in EU RED II and, consequently, apply for re-recognition by the European Commission under such sustainability framework by June 30, 2021. At its meeting held on January 26, 2022, the Executive Board approved all RTRS EU RED II technical documents in order to comply with the recast of Renewable Energy European Union Directive 2018 and RTRS applied for recognition by the European Commission in line with article 30(4) of EU RED II. The process of technical assessment by the European Commission was successfully completed before the transposition date of the EU RED II (June 30, 2021) and, as a result of that, on April 8, 2022, the European Commission recognized RTRS as voluntary scheme.

In light of all the above, the RTRS Executive Board decided to submit the RTRS EU RED II technical documents to the consideration of the RTRS Participating Members for their approval through a written resolution.
